

WIRELESS MAGNET DETECTOR

PRODUCT CODE: CTX4H (white)

Technical specification

- dynamic code system *KEELOQ®* of Microchip Corp. USA
- operating frequency: 433.92 MHz
- periodic identification transmission
- average range: 100m in open field
- power supply: 9V battery (not included)
- average battery life time: up to 3 years (with alkaline battery)
- operating temperature range 0 to + 40°C,
- external dimensions: (L/W/D) 104/30/24mm

Manufacturer: ELMES ELEKTRONIK, 54-611 Wrocław, Avicenny 2 Street, Poland

Manufacturer's Limited Warranty: 2 years
