

**WIRED & WIRELESS ALARM CONTROL PANEL
WITH BUILT-IN GSM MODULE,
PLASTIC ENCLOSURE AND TRANSFORMER**

PRODUCT CODE: CBP32 S

General features of CBP32 S control panel:

- integrated GSM module for SMS & CLIP arming, disarming and notification
- 32 wireless zones and 6 parametric inputs for connecting wired detectors
- programming with PC computer
- arming and disarming of the panel with hand held remote or GSM mobile phone
- 2 outputs rated up to 700mA at 12VDC
- 6 outputs open collector type rated up to 100 mA,
- transformer 230VAC / 17VAC
- fitting battery 12V, 1.2 – 17Ah (battery not included)
- external dimensions of the plastic enclosure L225/W175/H80 mm

Manufacturer: ELMES ELEKTRONIK, 54-611 Wrocław, Avicenny 2 Street, Poland

Manufacturer's Limited Warranty: 2 years
